PROFESSIONAL EXPERIENCE

Karve IT- Full Stack Web Developer; Winnipeg, MB   *May 2022 – May 2023*

- Developed and maintained software applications for managing booking systems, assets, employees, and other functions for moving companies
- Implemented navigation history and bookmark features to track the most recently visited pages within the application.
- Made the application fully responsive by adjusting all necessary pages and components for mobile and tablet devices, occasionally creating custom mobile components when our UI framework's components could not be adapted.
- Conducted end-to-end testing of both frontend and backend components to identify and resolve any issues or bugs using Cypress
- Learned tech skills: Angular, TypeScript, GraphQL, Neo4j, Express.js, PrimeNG

LeedWay Mission – Software Developer; Winnipeg, MB   *Nov 2021 – Mar 2022*

- Involved in all phases of SDLC with a good understanding of Test-Driven Development and Agile/Scrum Development Methodologies
- Worked on cross-browser compatibility issues and fixed bugs pertaining to various browsers
- Taught programming to new immigrants, children, and underprivileged individuals in local communities
- Learned tech skills: React, C# and .NET framework

Desert Island Lab – Project Manager; Korea, Seoul   *April 2017 – Sep 2017*

- Analyzed business requirements and participated in the technical design and development of the website
- Communicated with local partners to negotiate prices, secure reservations, and resolve any issues or concerns that may arise during the tour
- Managed customer inquiries, complaints, and feedback, and resolved issues
- Learned skills: Communication, Problem solving

Republic of Korea Marine Corps – Marine; Korea   *Jan 2016 – April 2017*

- Ranger Training and Airborne Training
- Lead a 6-man team in combat missions
- Learned skills: Leadership, Teamwork, Discipline, Time management
